

Personal Study Notes (Journal Review)

Prepared by the student for personal review before the assessment. This document summarizes the key ideas from the assigned journals.

Journal	Key Points
Journal 1	Additive manufacturing, personalized implants, biocompatibility, tissue engineering.
Journal 2	Agricultural waste biosorbents, adsorption, wastewater treatment, sustainability.
Journal 3	Offshore wind, renewable energy, carbon neutrality, CO2 reduction.
Journal 4	Screw theory, human-machine contact force, spatial rigid body mechanics.
